6198 BUTLER PIKE • SUITE 150
BLUE BELL, PA 19422-2600

The Mission of Riordan Materials Corporation is to provide quality, cost effective solutions for our clients, while providing the best technical support services available before, during, and after installation. We are proud to represent the premiere line of products for water treatment, wastewater treatment, odor control, solids handling, pumping, and biosolids processes. Our history of consultative sales, combined with our outstanding platform of equipment, provide you the best alternatives available.

Riordan Materials Corporation was formed by Mr. John Riordan on July 1, 1953, with offices located at Trenton and Somerset Streets in Philadelphia, PA. Riordan Materials' sister company, Industrial Materials, had been formed six years prior to Riordan and was the active firm. In 1967, Riordan Materials Corporation entered the growing wastewater purification process equipment field. Riordan made this move because different methods were necessary to market this equipment to a higher caliber technology group consisting of consulting engineers, municipal operating personnel and industrial environmental engineers.

Riordan Materials Corporation presently employs nine people to provide high quality equipment, service, and technical support for any water and wastewater project. Our staff looks forward to helping and assisting our potential and current customers in seeking solutions to water and wastewater related problems. We work closely with consulting engineers, industry, municipalities and regulatory staff. We are very active in the Pennsylvania Water Environment Association (PWEA), Eastern PA Water Pollution Control Operators Association, Central PA Water Quality Association, Western PA Water Pollution Control Operators Association, PA Rural Water Association, NJ Water Environment Association (NJWEA) and the Chesapeake Water Environment Association. We are also actively involved in the PA Section AWWA, Southeastern Section AWWA Operators Association, and PA Section Young Professionals Committee.

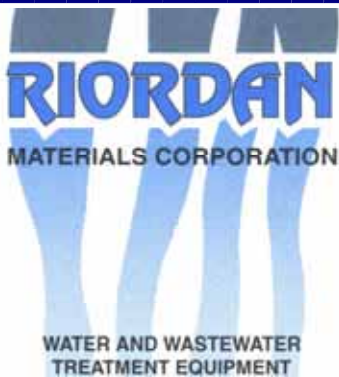

Our commitment to the water and wastewater industry emerges in our strong history and superior level of service throughout Pennsylvania, Southern NJ, Delaware, Maryland and the Washington D.C. area. The experience of our staff (licensed professional engineers, post graduate engineering degrees, certified operators) lends itself to assisting and understanding not only the economics of projects but also the detailed technical issues involved. This level of assistance is not available with a typical technical sales company. By not limiting ourselves to one process or equipment type, we are prepared to provide a complete solution, reviewing more than one option for all aspects of your project. We welcome the opportunity to work with you on any current or future projects. Call us today!

Carl E. Janson, President-CEO

Matthew M. Seng, P.E.

**CALL CARL, ART, MATT OR BOB FOR ALL YOUR WATER AND
WASTEWATER EQUIPMENT & PROCESS NEEDS!**

WE ARE PLEASED TO REPRESENT THE FOLLOWING COMPANIES:

AMWELL – Circular Clarifiers, Trickling Filter Distributors, Telescoping Valves, Flocculators, Rectangular Collectors, Grit Collectors

ASHBROOK – Belt Filter Presses, Thickeners, Aftermarket Equipment, Coplastix Slide and Stop Gates

BRENTWOOD INDUSTRIES – Trickling Filter Media, Tube Settlers, Active Fabric Media, Fixed-Film Systems

CBI WALKER – Claricone Clarifiers, Filtracone Modular Water Treatment Plant, ATAD, Egg Shaped Digesters

COLUMBIAN TECTANK – Bolted Steel Tanks, Aluminum Geodesic Domes

COOK LEGACY SCREENS – Water Intake Screen Systems

DEI SYSTEMS – Fiberglass Covers, Stripping Towers, Odor Control Systems, Troughs & Weirs, Ducts & Stack Assemblies

ENVIRONMENTAL DYNAMICS INCORPORATED (EDI)– Aeration Equipment (fine and coarse bubble diffusers), Floating Diffuser Systems, Lagoon Treatment Systems

E&I CORPORATION – Screens, Grit Conveyors, Chain Drives, Flocculators

E.E.E. Aerators – Floating Aerators and Mixers

ENGINEERED FLUID INC. (EFI) – Packaged Booster Pump, Metering, Well Pump, & Disinfection Stations

ENVIRONMENTAL FABRICS – Baffles, Covers, Liners

ENVIROQUIP of TX– BNR Process (SYMBIO), Aeration and Digestion Equipment, Stainless Steel Clarifiers, Bar Screens

EUTEK – Grit Removal & Grit Washing Systems

FORD HALL – Algae Sweep Brush Systems

FRANKLIN MILLER –Solids Reduction and Removal Systems (Grinders, Comminutors, Shredders, Conveyor Screens)

HEADWORKS, INC. – Premium Headworks Screening Devices, Automated Fine Bar Screen, Fine Perforated Screen, Fine Bandflow/Centerflo Screen, Spiral Screens

ITT FLYGT – Submersible Pumps and Mixers, Controls

JDV EQUIPMENT – Shaftless Screw Conveyors, R.B. Carter Digester Covers & Mixers, Rotary Drum & Fine Screens

MERIT FILTER – Dewatering Filter Media

MIOX – Onsite Mixed Oxidant & Hypochlorite Generators

MITSUBISHI ELECTRIC – Ozone Disinfection Equipment

MULTITRODE – Pump Station Control Panels, Level Controls & SCADA Systems

PENN VALLEY PUMP – DoubleDisc Sludge Pumps (PA Only)

RDP – Biosolids Stabilization (Class A & B), Lime Slakers, Feed & Mixing Equipment

TENCO-HYDRO – DAF Systems, Oil/Water Separators

SIEMENS/DAVCO – Factory Built & Field Erect WWTPs, Clarifiers, Sand Filters, Plate Settler Systems, Dragon Dryer Sludge Dryers, Retrofit Services, Spider Disk Filter

SIEMENS/DAVIS – Liquid Phase Odor Control, Odor Control Chemical Feed & Storage Systems

SIEMENS/GENERAL FILTER – Draft/Cascade/Pressure Aerators, Clarification Systems, Water & Wastewater Filtration Components & Systems, Rotary Distributors

SIEMENS/JET TECH – Sequencing Batch Reactors, ATADs, Jet Aeration, Digester Decanters

SIEMENS/MEMCOR – Pressurized & Submerged Membrane Microfiltration Systems, Membrane Bioreactors

SIEMENS/MICROFLOC – Package Water Treatment Plants, Adsorption Clarifiers, Pressurized Clarifier & Filter System, Screw Pumps, IPS Composting Systems

SIEMENS/RJ ENVIRONMENTAL – Vapor Phase Odor Control Systems, Chlorine Scrubbers, Adsorption Systems

SIEMENS/W&T – Medium Pressure Ultraviolet (UV) Disinfection Systems (Inline & Inchannel)

SIEMENS/ZIMPRO – Hydroclear Sand Filters, Inclined Plate Settlers, Rotor Aerators, Screw Pumps, IFAS Systems

SOLARBEE – Solar Powered Tank, Lake, & Lagoon Mixing Systems

WAGNER FLUID SYSTEMS – Steel Package Treatment Plants (Water/Wastewater)

WESTFALIA SEPARATOR – Centrifuges & Thickeners

(Rev: 5/07)

Need a FREE plant evaluation? How about equipment piloting? Call Riordan NOW to setup a meeting!
